1. El Privé

Exclusiveness & privacy. The Privé is a space located on Floor -1 of the building. Its isolation is ideal for celebrations, meetings, events, lunches, dinners, cocktails and all kinds of corporate events in maximum privacy and comfort. Both El Privé and Espai 1918 are two rooms that transport us to the reserved areas of the original Buenavista restaurant founded in 1918 in this same place. Its architecture and design are set in a bygone era without losing the current and contemporary touch that characterizes it so much. A century ago, these halls witnessed major public and private, cultural and intellectual, political and business events in Barcelona in the twenties. Now, we reopen these rooms with a renewed air and full of history. These two spaces have the peculiarity that they can communicate and/or become one, the Privé 1918.

Area	Setup	Cocktail	Imperial	U
